FACTSHEET
Logistics Park Moerdijk

New distribution center of approx. 100,000 m²

Ready for the logistics of tomorrow

Van der Helm Logistics is investing in the future with a new distribution center of approximately 100,000 m² at Logistics Park Moerdijk. This expansion creates space for growth, scalability and innovation. Warehousing activities from Den Hoorn and part of Moerdijk will be consolidated into one central location.
